COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 14, No. 60. The County Seat Paper NEVADA CITY, CALIFORNIA, The Gold Center THURSDAY, SEPTEMBER 5, 1940

From the Californian, March 15, 1848:
The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. —Alexander Hamilton.

CROSSCUT REVEALS TWO VEINS

Thinking Out Loud

Trade at Home because it pays the local retailer and the local consumer!

There you have it—the two ends, which are brought together by this newspaper. One cannot prosper without the other, and neither can meet with success without the cooperation of the other two.

Therefore, to achieve prosperity for this community it becomes the paramount duty of all concerned to work—in harmony—to labor to one common end—to protect the homes that gives us shelter and to conserve the interests of the people who constitute the community.

We may make of this community a hive of industry and a realm of peace, prosperity and happiness—or we may just drift along with the tide, pick up the crumbs that are thrown our way and grumble because the Lord provides for others and apparently forgets our existence.

It will be as we make it—no other way. The Lord has provided us with intelligence and health, and energy, and the power to accomplish things. With that His work is done, and the rest is up to us.

If we make the best of that which He has given us we will soon become prosperous, and happy and contented—a people enjoying to the fullest of life's blessings.

If we neglect the gifts with which He has endowed us the penalty of failure will fall upon our own shoulders—the responsibility will be ours alone—the commercial stagnation of our common community will be but the natural sequence of our own shortsightedness.

No community will prosper without the presence of a variety of stores, shops and other marts of commerce and trade. They are as necessary as the ground that we till and the sun and rain that produce our crops. No store or shop can survive without the loyal support of the community—the WHOLE community. The interests of the retailer and the consumer are one in common—the success of the one depends upon the cooperation of the other.

But the two interests that should be working in harmony are often too wide apart—separated by a yawning gulf of indifference and neglect. And the body politic — the community as a whole—suffers, and stagnates and withers, and dies.

Men of brains realize that it is to their own individual interests to foster their own community by trading with their home institutions. The local retailer and the consumer are the two ends, with this paper in the middle, and if all wlll unite in the common cause there will be but one result—PROSPERITY.

CLYDE GWIN IS ROTARY SPEAKER

Clyde Gwin, past president of Rotary, was the speaker at the meeting of the club today at luncheon in the National Hotel. His topic was the Tahoe National Forest. Among other interesting features of his address, was an account of the use of parachute fire fighters which means, fires can often be curbed in their incipiency.

LOCAL COUPLE MARRY

E. W. Norton and Bernice Paxton, both of this city, were married in Reno, yesterday.

300 Autos In Caravan Tomorrow

Participants Will Leave Here At 8 A. M. For Marysville

Off to the fair!

With horns blaring and banners flying, 300 cars will leave Marysville at 9:45 A. M. tomorrow for the state fair in Sacramento for the observation of Tahoe Pacific Highway 20 Association Day. A considerable portion of those cars will be from Nevada County.

Guerdon Ellis, Tahoe National Forest supervisor, who is general chairman of the committee arranging for the caravan of cars from the six counties through which the Tahoe-Ukiah Highway passes, will head the procession.

In Nevada City the caravan will form at the Plaza between 7:30 and 8 a. m. The Nevada city cars will join those in Grass Valley at 8:15. The caravan will pass through Smartville at 8:45 to pick up additional caravan participants.

Six Counties

In Marysville the Nevada County caravan section will join with similar groups from Yuba, Sutter, Lake, Colusa and Mendocino counties. The caravan participants will be given stickers in Marysville to identify them.

A special entertainment program has been arranged by Chairman Ellis in Fiesta Hall at the fairgrounds tomorrow afternoon. Eben K. Smart of Grass Valley will act as master of ceremonies. One of the highlights of the entertainment will be the appearance of the California-Cornish Gold Mining Singers of Grass Valley, attired in underground mining costume.

Bands Will Play

The Grass Valley High School band and the 50 piece Fort Bragg High School band will play. From Mendocino county will also come the Belle of the Redwoods troupe and loggers will give a demonstration of log bucking and chip flying. Paul C. Barrett of Colusa will render several baritone solos. The popular Three Peaches of Sutter County will also perform.

Ellis hopes for a large Nevada County representation in the caravan. Highway 20 Association Handicap will be one of the horse racing featues. A special section of the grandstand is being reserved for the caravan participants.

LOCAL MINING MAN RETURNS FROM ISLANDS

Orlando McCraney of this city, who has been in the Philippine Islands for the past three years and four months, will arrive in Los Angeles on September 14th to return to Nevada City to make his home.

Mrs. McCraney, who remained in Nevada City while her husband was employed in the Philippines, and Tom McCraney, local attorney, who is a son of the couple, will drive to Los Angeles to meet the returning mining executive.

McCraney went to the Philippines as manager of the Pan-Philippine Company. For the past year he had been in engineering practice in the islands.

MONDAY IS HOLIDAY FOR SCHOOL CHILDREN

When school children leave their classes tomorrow afternoon they will not have to return until next Tuesday.

Monday is a holiday in California. It is Admission Day. The city hall and the courthouse will also be closed.

The holiday will not be universal, however, as all the mines in the district will continue tn work.

Nevada County Girls and Apples

Nevada County's exhibit at the California State Fair, running in Sacramento through Monday, September 9, features gold mining and apple culture. A huge display of apples covers one end of the exhibit. Specimens of gold ore and nuggets are on display. W. W. Esterly is in charge of the mining exhibit and L. G. Lageson of the agriculture.

In order to make the colorful plum, pear and apple exhibits, Mr. Lageson picked many boxes of fruit from which the best was selected. Little by little under his energetic direction Nevada County's reputation as one of the finest fruit growing sections in the Sierras is being established. Both gold and fruit exhibits brought many exclamations of admiration and respect from the thousands of visitors who paused before the colorful Nevada County section in the big state fair building where counties vie for handsome prizes.

Varieties of apples shown were Golden Delicious, Red Delicious, Stark's Delicious, Gravenstein, Jonathan, King David, Gloria Mindi, Winter Banana, Alexander and the Winesap. Of pears there were the following varieties: Comice, Anjou, Bose, Bartlett, Favorita and Seckel. Two splendid varieties of plums were the President and Hungarian.

THIS NUGGET ISSUE CALLS ATTENTION TO TRADE AT HOME NEED

In this issue of the Nevada City Nugget, the businessmen of Nevada City and Grass Valley are bringing to your attention various reasons for "Keeping Your Money At Home." The first of a series of four monthly announcements appears on Page 3. It, along with the announcements of the succeeding months of October, November and December, should be read.

This issue of The Nugget, your county seat newspaper, was given widespread distribution. Approximately 3,000 copies were printed and either delivered or mailed to residents of Nevada City and Grass Valley.

CITY COUNCIL MEETS TONIGHT

The city council will hold its regular monthly meeting in the city hall here tonight.

Chief of Police Max Solaro and City Judge Miles D. Coughlin will submit monthly reports on arrests and fines.

No matters of importance are expected to come before the council at tonight's session.

TOWN TALK HOME BURNED EARLY TODAY

The home of Mrs. Freda Pope at Town Talk was destroyed by fire early today during her absence. The cause of the fire has not been determined.

Both the Nevada City fire truck and the State Division of Forestry fire fighting crews answered calls to the blaze but they were unable to save the house.

Mrs. Pope's husband died about a year ago. He had been an employee of the Idaho-Maryland Mines Corporation.

Will Visit Fair—

William (Tex) Straw will attend Pioneer Day at the state fair in Sacramento. With his checkered shirt and ten gallon hat, Straw, more than six feet in height, will no doubt preesnt a picturesque picture. He is caretaker of the Willow Valley mines.

SCOOP THURMAN THANKS NEVADA COUNTY VOTERS

Mr. H. M. Leete,
Editor, The Nugget,
Nevada City, Calif.

Dear Mr. Leete:

Now that the election is over I wish to extend my sincere thanks for the fine support which you gave me during the campaign. A great deal of the credit for my re-election is due to the support which you and some twenty other newspapermen gave me during my recent campaign. The editorial endorsement of the newspapers and the advertising space which I used brought to the attention of the voters the issues of the campaign and the attempt of a political machine to "purge" me because I refused to take political dictation.

When you consider that the political machine which opposed my candidacy used every means possible including radio talks by the governor of the state, political henchmen campaigning in the district as well as deliberate distortion of the facts in an endeavor to smear my candidacy, I cannot help but believe more than ever that the home town newspapers do have the respect and confidence of their readers.

My campaign was almost exclusively a newspaper campaign. I used considerable advertising space in placing my candidacy before the voters of Nevada County. I know that statements which were published in the Nevada City Nugget were read and your endorsement of my candidacy was to a great extent responsible for the fine vote of confidence which I received from the voters of your county. And in thanking the press I am not forgetting the many, many friends throughout the district who also supported my candidacy and worked for my reelection. They too have my sincere thanks.

Thank God that the people of this state and nation still can vote as Americans and not as some dictator tells them to vote.

The recent election demonstrates more than ever that the people of California will not take dictation and be rubber stamp voters for any political machine.

While I feel very happy over the outcome, I also feel very humble and realize more than ever the responsibility the voters have placed upon me. I want to assure you and the people of your county that as long as I am assemblyman. I shall endeavor to serve the people I represent to the best of my ability.

Again thanking you for your support and cooperation, I am

Sincerely.

ALLEN G. THURMAN,
Your Assemblyman.

Hopes High Regarding Mine's Possibilities

Tunnel Project, Which Cost $100,000, Considered Greatest In History Of Mining In This Vicinity

The greatest development task in the history of mining in this area—the driving of the 6,000 foot crosscut from the 400 level of the Murchie Mine to the North Banner—was completed this week.

Two ore bodies which showed possibilities were contacted in the driving of the tunnnel and work has started to determine the extent of the veins. Drifting will proceed on the veins in both directions in the efforts of the mine management to locate sufficient ore to reume operations at the Murchie on the former large scale production basis.

In celebration of the completion of the crosscut project, which cost $100,000, Fred Searls of the Newmont Mining Corporation gave a banquet for the Murchie crew of 45 men here Monday night. General Manager Robert J. Hendricks and Foreman Jack Widauf were in attendance.

Set Local Record

In driving 703 feet in 28 working days during August, the Murchie crew set a new record for drilling operations in this area. The average number of feet per day made on the project during the month was slightly in excess of 25. Work on the cross cut was facilitated by the use of a Jumbo driller, designed especially for the project by Lloyd Gilbert, of the Murchie engineering staff, assisted by Manager Hendricks. The driller is the first of its kind ever used in a mine in Nevada County.

The 6,000 foot crosscut project since the time announcement was made of its commencement has been of special interest to miners and those interested in mining. The cross cut penterates an area heretofore never developed.

Rock Never Changed

Impressive is the fact that the type of rock formation —granidiorite — never changed in the entire 6,000 feet. At times a difference was noted in the hardness of the rock but the formation remained the same.

Little timbering was requried in the more than a mile long tunnel, remarkable for its absolute straightness. The tunnel does not seem to vary one inch from where it starts in old workings on the 400 foot level. The size of the crosscut is approximately ten by ten.

Although the two ledges were contacted before the croscut was completed, the project was carried on through to the planned objective. The ledges were marked for future development at the time they were struck.

Functions Smoothly

The smooth functioning of the crews on the croscut project was remarkable. They were no waste motions, no time lost as the tunnel advanced. With shift bosses leading the way, swift progress was made by the crews in drilling, mucking out and blasting. The Gilbert-Hendricks designed jumbo driller and a late model mucking machine speeded up the work tremendously.

The drifting on the two veins will determined whether the Murchie Mine will resume its glory of a few years past when it was the leading gold producer in this area with 300 men employed or whether it will be abandoned completely.

The hopes of the residents in this area lie with those of the mine management in that enough ore will be found to justify the resumption of large scale operations.

Approximately the same number of men employed on the driving of the crosscut will be used in the drifting operations at the Murchie.

Deputy Clerk Vacationing—

Ralph Deeble, Nevada County deputy clerk, is enjoying a several days vacation.

Gold Mining Included In Profits Bill

Publicity Given Industry By Buck Considered Of Benefit

Gold mining was included in the excess profits bill before Congress but Representative Frank H. Buck of California strenuously objected to the inclusion. The facts brought to the attention of Congress as well as to the general public was considered here as of great benefit to the gold mining industry, however, giving an insight to mining problems not generally known.

Congressman Buck said:

"I have a sincere conviction that income from corporations which are engaged in the mining of gold, the price of which is fixed by presidential regulation under law, and which commodity must be sold only to the United States Government, and income derived from strategic and critical minerals needed for defense purposes are such income as cannot be considered under any circumstances as profiteering income."

Pointing out that an amendment seeking these exemptions, which he proposed to the ways and means committee, was rejected, Buck stated:

"I do not think that the rejection was due to any haste that our legislative committee displayed, but, if I may say so respectfully with regard to my colleagues, to a lack of understanding as to the gold mining industry."

In Record

Buck's statements were in the Congressional Record. He continued:

"As to gold, it takes small operators a year or two at least before they get started, whether they are engaged in gold dredging or direct mining. Costs are expensive and there is delay involved in moving from one location to another. Mining gives a great many people work and they, in turn, consume ordinary products. Smaller miners seem to be worrying quite a bit over this situation.

"The deep vein miner who does not do at least two years' work of development ahead thinks he would go to the dogs quickly if he did not keep up that character of work. Naturally, that is the best assurance that men will be kept at work, machinery purchased, and the orderly processes kept rolling no matter what the output of the mining is.

"Preliminary work, investment in machinery equipment, the probable rise in labor costs as a result of the defense program, all must be taken into consideration. It is absolutely true that very few gold mines pay dividends. The treasury department cited examples of four large corporations that were making profits on the present basis, but they are not representative.

"Whether they were or not, however, is beside the question, because the federal government should not levy an excess profits tax on any commodity which it directly regulates as to price and as to which it gives no subsidy."

A Servant People

Broadcasting to all Germany the decision of Hitler to annex German-occupied Poland, the Nazi spokesman said last week: "The Pole is the servant of the German and will remain so forever." The statement emphasized the broadcaster's assurance to young Germans that they could settle in Poland without fear of Polish competition for land or business.

There is sober import in such an official declaration of Nazi policy toward defeated peoples. Hitler invaded Austria and Czecho-Slovakia on pretense that he was upholding the principle of self-determination of small peoples and minorities— and on the same ground he demanded Danzig from the Poles. The German people may have supported Hitler on those grounds then. Today, the pretense is badly termed "a servant people." The German policy of conquering in order to enslave is frankly pronounced. That means that a Germany united behind Hitler from now on is frankly united for the purpose of robbing and subjugating other peoples.

Such unity, for such a purpose, may prove black for the German people, if they lose this war. Once they escaped retribution by repudiating their leaders and charging them with having deceived and misled the people. That excuse has vanished wholly in this war.

BIBLICAL DESIGNATIONS IN NEVADA CITY ARE PUZZLING

Puzzling to some Nevada City residents and visitors in this city is the derivation of Piety, the name of one of the seven hills here.

Logical explanations have been given for the naming of Aristocracy, Lost, Prospect, Wet, Boulder and Coyote Hills, but why Peity Hill was so named perplexes average citizen and even some historians.

Theories Differ

Three conclusions have been advanced.

It was named in derision because most of the tough characters of the early day Nevada City were residents of the hill.

It was named Piety because all the ministers of the city had homes there.

A religious colony settled on the hill and the townspeople immediately designated the area as Piety Hill.

However the hill got its name, the residents carried out the religious theme, and such names as Cross, Gethsemane, Jordan and Zion were attached to the streets.

Trail Is Named

A path leading from Gault Bridge crossing Deer Creek, to the crest of the hill, is termed Tribulation Trail. An old stairway leading to the top of the hill is designated as Jacob's Ladder.

The theory advanced by Mrs. Belle Douglass, considered the authority on Nevada City history, is that the naming of the hill was as the result of many ministers' homes there.

Ministers Lived There

"The general supposition, and I beleieve it to be correct," states Mrs. Douglass, "is that the town's ministers lived on the hill and it got the name because of that."

E. G. Kinyon of Grass Valley, however, upholds the religious colony theory but Sherman Marsh, now deceased, backed up the story that the hill was named in derision and the streets given biblical names because so many sinners lived there.

TO EVERY CONSUMER IN NEVADA CITY-GRASS VALLEY AND SURROUNDING COUNTRY:

With the opening of the most delightful season of the entire year, we, the business men of Nevada City and Grass Valley, wish to extend, not only an invitation for your business throughout the fall and winter, but to point out to you the folly of placing it anywhere else.

That you have a right to spend your money where you please, no one denies, but the practice of spending it outside of Nevada City and Grass Valley works an injustice to you in the end just as surely as it injures us at the time you take or send it away. Our towns are the financial centers of the community in which you live and from which your living must come. The more money we can keep at home the better will be the financial conditions here. If they are good, you, Mr. Workingman, will have employment at good wages. If they are bad you will spend many idle days or will be compelled to work for a less wage than could otherwise be granted. Every dollar you send away from Nevada City and Grass Valley makes it that much less probable that local conditions will be satisfactory to you. And anyway, Mr. Workingman, Mr. Miner, there is not a single good reason why you should send one single penny out of town. Every necessity of life can be bought at home at as low a price as anywhere else, quality considered, and it is worse than folly to close your eyes against quality and look at the price only.

You, Mr. Farmer and Mr. Miner, should consider the matter carefully before going or sending out of town to buy. If the financial conditions in the community are kept in good condition, it will be easier for you to get credit, either from the retail dealer or from the banks, should you need it. If the community is drained of its money, retailers are unable to extend credit, and when their receipts fall off, the cash in banks must decrease accordingly and ready money is not easily had.

All of the above is good, sound business judgment. If you, the public, as consumers, will give a little study to the fundamental principles of community success, you will readily see, as we do, that it is just as much to your own interest as it is to ours that you make every effort to spend your money where you make it.

We are looking forward to a good business season. Our fall and winter stocks are on hand and it will be a pleasure for us to show them to you and to prove to you that you cannot realize more for your money than right here at home. With best wishes,

THE BUSINESS MEN OF NEVADA COUNTY.

Oil Lamp Belonging To Senator Hearst In Local Museum

An oil lamp antedating the Comstock Boom in Nevada and established as belonging to the late Senator George Hearst, the father of William Randolph Hearst, the publisher, is in the collection of pioneer relics in the Native Sons and Daughters of the Golden West Museum here.

George Hearst with two companions erected a cabin in the Gold Flat section near Nevada City in the late '50's and prospected in the vicinity.

Hearst deserted Nevada City for Virginia City, Nev., in 1859, with the discovery of rich deposits there. His wealth and climb to prominence from then on is well known history.

When Hearst left his cabin in Gold Flat he gave the lamp, which could not be taken with him, to the late Mrs. Ida Gillespie, a neighbor. Mrs. Gillespie used the lamp and in turn passed it on to her daughter, Mrs. Margerite Finnegan, mother of Frank G. Finnegan, local attorney.

Mrs. Belle Douglass, an active worker in the local Native Daughters of the Golden West and an authority on local historical data, learned of the lamp's existence and secured it for preservation in the museum here.

NEVADA COUNTY SRA GETS $3,463 IN JULY RELIEF

SACRAMENTO, Sept. 5.—(UP)—Public assistance paid by state and county agencies in California totalled $9,093,708 during July and was received by 290,470 cases, representing 516,150 persons, Relief Administrator S. G. Rubinow reported.

Of the total, approximately $2,546,000 was distributed by the state relief administration in dole payments. Other payments were made by county welfare agencies and the state department of social welfare.

The average amount of aid received by SRA clients during the month was $30.98. Family cases received an average of $37.33 and single persons an average of $16.62, Rubinow said.

For Nevada County, 126 cases representing 455 persons received SRA payments totalling $3,463 during July.

Establish At Sweetland—

Miss Claris Holland, new teacher at the Sweetland school and her mother have established their residence at Sweetland for the winter.

Popular and Hillbilly Records, 35c. The Harmony Shop, Grass Valley.

DOW—In Caribou, Maine, September 2, 1940, Miss Agnes Dow, formerly of Nevada City, sister of Mrs. Girard S. Gould of Caribou, Mrs. Georgia McClish of the Lava Cap Mine and Mrs. Alvin Jones of Grass Valley; a native of Nevada City, aged 40 years. The funeral services were conducted in Caribou.

RANSOM—In Nevada City, August 31, 1940, Mrs. Golda J. Ransom, wife of Fred R. Ransom of Smartville; a native of Indiana, resident of Smartville three years, aged 42 years. The funeral services were held Monday in Grass Valley under the direction of the Hooper-Weaver Mortuary Inc.

TRIMBLE—In Peardale, Nevada County, September 2, 1940, Robert Trimble, husband of Mrs. Lillian Trimble and father of Mrs. R. L. Berkner of Peardale; a native of Oregon, aged 83 years. The funeral services were held yesterday in Grass Valley under the direction of the Holmes Funeral Home.

EMERGENCY AIRPLANE FIELDS INSPECTED

Forest Supervisor Guerdon Ellis and Forest Engineer G. E. Mitcheli, recently made a one and one half hour trip over the Tahoe forest as a guest of Doc DeNeal, proprietor of the Nevada City Flying School for the purpose of "spotting" potential emergency landing fields on the forest. Apparently desirable locations were observed at Alleghany, Meadow Lake, Sierra Valley, Greek Store and at Forks House on the Forest Hill district. Ellis hopes that in the near future these fields can be developed so they can greatly increase the practicability and economy of airplanes in fire control on the Tahoe.

NEW AUTO TOY PLEASES KIDDIES AND GROWN-UPS

Down at Ingleside, near Lake Merced, curious motorists are attracted by a circle of onlookers gathered around a furiously speeding and noisy miniature automobile tethered to a revolving spindle by a 50 foot wire and revolving around a 100 foot circle.

This is a new sport for the grown-ups and they are just as much enthused as the younger kids with their soap-box derby.

The small cars are really working models of miniature cars operated by gas. They are about 16 inches in length and are mounted on 4 inch tires. The power is applied to the front wheels and they use about half a cup of gas at a filling.

A wire lever connected to the spark plug projects above the car. When the operator desires to stop his speed midget he holds a handkerchief with both hands across the speedway so that it trips the lever.

The best of these baby cars whiz around at a speed of 71 miles an hour and there are many contestants who seek to outdo the others with their own special models.

WPA FOR WILLKIE CLUB IS FORMED

The first WPA for Willkie club in California has been organized in Stanislaus County and has endorsed the candidacy of Wendell L. Willkie, Republican State headquarters in San Francisco announced today.

The club, the announcement said, is the Stanislaus County Veterans' Association and to date consists of 160 members, only forty of whom are not war veterans. The majority of the members are registered Democrats.

All of the members are workers on WPA projects.

According to word received from Stanislaus County the association was formed six months ago by WPA workers who "refused to sell themselves body and soul to the New Deal Democratic organization known as the Patriotic League of America."

L. M. Baker, commander, said the association had been formed by Walter Reid, constable of Ceres Township, a Legionnaire and a registered Democrat. Its prime purpose, according to Baker, is to combat efforts to displace the men from jobs because of their desire to remain free from political party shackles.

The endorsement of Willkie came at the regular meeting held in Modesto. Officers are:

L. M. Baker, commander; John Hand, adjutant; Herman Paat, first vice commander; Calvin Calhoun, second vice commander; Adam Nash, chaplain; and L. P. Stearns, sergeant at arms.

LEMON STANDS AID RED CROSS

WINNIPEG, Man. (UP)—Children of Winnipeg have been turning in an average of $55 a day to the Manitoba Red Cross since schools closed in June. Lemonade stands, circuses and concerts are providing the funds.

An Arkansas editor recently showed his genius when he wrote the following item for his paper:

"Miss Mary Blank, a Batesville belle of twenty summers, is visiting her twin brother, William, aged thirty-two."

"Nickel" Turns Out To Be Gold Piece

Little Billy Benninger displayed what he thought was a "nice, shiny nickel" in Sierra City. More experienced older folks of his family to whom he showed the nickel knew differently, however. It was a $20 gold piece to them.

The "nickel" was found in the yard at the D. W. Deerwater home in Sierra City. A further search revealed eight more $20 gold pieces, all dated 1894.

Billy with his mother were visiting the Deerwaters. The Benningers are from Marysville.

Grand Opening Of Purity Store Here Tomorrow

The grand opening for the new Purity Store, built on the site of the historic Armory Hall, which was torn down last spring, will be held tomorrow and Saturday. Besides offering special bargains to grand opening customers the Purity will give away balloons to children.

J. C. Costin, district manager of Purity Stores, Inc., spent this week in Nevada City assisting Walter Cherry, local manager, in preparing for the opening. William Brown, district superintendent, helped Clyde Hunnicutt, local meat department manager, in making the butcher shop ready.

Manager Cherry will have a crew of five men working for him, an increase of two over the number employed at the former store. Cherry said there is at least $25,000 worth of stock in the Purity Store here. The store, he said, has the latest in equipment. One feature is the incandescent lighting system. Floor space is 50 by 100 feet.

On Business In Truckee—

Attorneys Frank Finnegan and D. C. Steele of this city were in Truckee this week to officially open their Truckee law office branch. The office was opened on Tuesday.

RICH ORE FOUND AT STOCKTON HILL

Discovery of rich sylvanite gold ore in the Stockton Hill Mine, below Grass Valley, has been announced by J. M. Howard.

The Stockton Hill shaft is down 450 feet. The modern mill is expected to go into operation by October 1st and the vein, 18 inches wide in the upper workings, has increased to a width of six feet in the bottom of the new shaft.

Oakland Visitors—

Mr. and Mrs. Carroll Winrod formerly of Nevada City were weekend visitors. Winrod graduated from the Nevada City high school. He resided in Oakland since 1919. He has mining interests in the vicinity of Downieville.

Ed J. Phillips, Jr., also of this city was married in the Nevada town to Ocie B. Stewart yesterday. The former Miss Stewart has been a resident of Grass Valley for the past year.

Snow In Mountains Rain and Hail Here

Would you believe it? Eight inches of snow fell Tuesday night at Sierra Buttes. And with August hardly gone. It makes one wonder what to expect this winter.

While the high spots in the mountains were receiving snow, Nevada City and vicinity was pelted with rain. It didn't rain long but it rained hard—so hard, in fact, 1.14 inches fell in about 15 minutes. The rain was followed by hail.

The torrential rains flooded the gutters of the city but no serious damage was reported.

NOW Purity

The Grand opening of Nevada City's New Purity Store will be held FRIDAY AND SATURDAY. It will be a gala day with free balloons for the children and loads of sensational bargains. Purity has been famous for LOW PRICES and FINE QUALITY. The people of this community have shown that they know values and our success here is evidence that we have provided those values. Now to make your shopping more pleasant and economical we present every modern convenience in a Brand New Store—COME IN AND SEE US TODAY. These Prices Effective One Full Week September 5th through September 11th at

321 BROAD STREET NEVADA CITY

LOWER ROAD TO TOWN TALK WILL BE IMPROVED

In the line of improving the streets along the lower road beyond the Sacramento Street cut, where the roadway has been widened and paved for a width of 50 feet, the work is to be continued beyond Valley Street to Town Talk.

The total distance from Valley Street to Town Talk is 5900 feet. This road is much straighter than the present state highway and it is planned to widen it, remove all undergrowth, and regrade it so that it will present an alternate route which, in many respects will be better than the upper highway.

The steepest gradient, above the Snell place, will be 9 per cent for a distance of 900 feet, but this is no greater pitch than from the Broad Street bridge to the National Hotel and is not to be considered as any particular handicap for modern cars, which can easily make it in high gear.

At Town Talk the roadway is narrow on account of the encroachment of the narrow gauge railroad cut. It is to be widened here to 40 feet by constructing a reinforced concrete wall 16 feet high and 95 feet in length.

The work is to be done by WPA labor agumented by the city equipment and the county equipment in charge of Supervisor Carey S. Arbogast.

Work will be started by a WPA crew of 20 men under the direction of WPA Supervisor McAdams on Tuesday, September 10th.

The city has recently made application for WPA assistance on a city-wide improvement program amounting to over $30,000, in which is included redecking and widening both the Main Street and Gault bridges, the widening of the Gold Run viaduct and improving a number of other streets during the coming months. The application is now being considered in Washington.

HOW-POW WASLEY SOLD BY SOLONS

Mel (How-Pow). Wasley, Grass Valley baseball player with the Portsmouth, Ohio, team, has been sold to Pocatello by the Sacramento Solons.

Wasley, property of the Sacramento team, went to Pocatella in a deal which gave the Solons Pitcher Bill Caplinger.

Wasley started this year with Sacramento but was later sent to Portsmouth. His baseball career is being followed with extreme interest by baseball fans in Nevada County.

SPORTS

SECOND GAME OF PLAYOFF SERIES SCHEDULED FOR CHICO SUNDAY

Grass Valley Miners Determined To End Playoff By Downing Rivals In Two Straight Heats

Determined to abruptly end the playoff series for the championship of the Sacramento Valley Baseball League, the Grass Valley Miners will go to Chico Sunday for the second game. If the Miners win they will be 1940 champions of the league. If they lose a third and final game will be necessary, probably to be played in Marysville.

The Grass Valley squad took the all important first game of the series, defeating the Colts 2 to 1 at Watt Park in Grass Valley last Sunday.

The Miners will have a decided advantage in Sunday's battle in that Chico will be forced to seek the services of a new twirler or rely on Manager Larry Gillick's right arm, which, to say the least, is not any too strong. Chico's pennant hopes received a blow when Pitcher Steve LeGault decided he wanted to pitch in the Oakland Tribune's semi- pro tournament, starting Sunday.

Will Use Campbell

Grass Valley will depend on Manager Archie Campbell, who ran his string of victories without a defeat to nine last Sunday, in the second game of the series.

The Miners were outhit last Sunday but the two runs they scored were earned whereas the one run scored off Manager Campbell was a gift.

Grass Valley's tallies came in the sixth frame when Marz Dutra singled and stole second. Peter Archerda brought him home with a triple to deep center and then counted himself on Dick Roskins long fly to centerfield.

Chico scored in the eighth inning when Dutch Hubbard singled and came all the way home when the ball rolled through Outfielder Charles Lamphier's legs.

The game was an interesting one, keeping the fans on the edge of the seats at all times. Chico threatened often but Campbell always succeeded in keeping the tallies from crossing the platter.

The score:	R.	H.	E.
Grass Valley	2	6	4
Chico	1	10	1

Batteries: Campbell and Brock; LeGault, Gillick and Boone.

LOCAL HUNTERS BAG THEIR DOVE LIMITS

Many Nevada City hunters were successful in securing limits of dove opening day. Hunting in this area was good opening day but the birds seem to have vanished into thin air since then.

Local hunters bagging limits opening day were Dr. Bernard Hummelt, Frank Williams, Fred Reed, Dick Lane, Deputy Sheriff Carl Larsen, Sheriff Carl Tobiassen and Deputy Sheriff Fred Williford.

YOUR CHILD CAN STUDY BETTER WITH BETTER LIGHT FOR BETTER SIGHT

September with school and study means more than just books, new shoes and new clothes.

For instance, are young eyes ready to stand the strain of long hours of study? If eyestrain is threatening, have eyes examined by an eye specialist. Then check the lighting by which the student must see to study.

Why take a chance with ordinary light that merely looks good enough for a child's study desk? One easy way to provide grade A light for grade A study is with an I.E.S. Study Lamp. Those lamps provide a generous amount of soft, glareless light that makes seeing easy. Incidentally, you'll find better light helpful yourself. Try it and you'll want it for the whole family.

BEARS OUTWIT FOOD SENTINEL

Oscar Evans, forest service timber survey expert, says that he did not come down to the Tahoe country to hunt bear, but is afraid he will have to make formal declaration of war on bruin yet. Evans is camped at Meadows with his crew of ten young foresters cruising timber in the Auburn working circle of the Tahoe forest and says that it is a case of eternal vigilance being the price of satisfied appetities, for the bears have all kinds of ingenious ways of slipping through the guard and foraging. Posting a watchman hasn't selved the problem, since it is necessary for Evans to select one of his working crew for the job. Tramping over the mountains induces sound sleep and it is physically impossible for the watchman to be on the alert all night and do his work in the day time. The bears watch their opportunity and one night operated within six feet of the sleeping "watchman."

FORMER RESIDENT HERE SUCCUMBS IN MAINE

Word was received here Tuesday of the death in Caribou, Maine, of Miss Agnes Dow, 40, former Nevada City resident. Miss Dow died at the home of a sister, Mrs. Girard S. Gould in Caribou on Monday.

For 15 years the deceased was an instructor in Sacramento schools. She was visiting in Caribou, her birthplace, during the summer months. Her death was the result of heart trouble.

The funeral services and interment were held in Caribou.

Besides her sister in Caribou, she leaves two sisters in Nevada County, Mrs. Georgia McClish of the Lava Cap Mine and Mrs. Alvin Jones of Grass Valley.

Story & Clark Pianos. The Harmony Shop, Grass Valley.

Rapidly Recovering—
Miss Ruth Curnow, daughter of Mr. and Mrs. Horace Curnow and popular among the younger set of the city, is rapidly recovering at the Curnow home from a recent appendicitis operation. Miss Curnow returned home from the Miners Hospital last Saturday.

Victor and Bluebird Records. The Harmony Shop, Grass Valley.

PARADE FLOAT ENTERED BY LOCAL LODGE

Hydraulic Parlor No. 56, Native Sons of the Golden West of this city are placing the popular George Washington bronze statue float in the Admission Day Parade in Sacramento on Monday.

Many local members of the Native Sons and Daughters of the Golden West are to take part in the Admission Day proceedings in the capitol city.

The Grass Valley parlor will also have a float in the parade.

ANNUAL DOVE STEW WILL BE HELD SUNDAY

The annual dove stew of the Grass Valley Sportsmen's Club, the oldest organization of its kind in Northern California ,will be held at the club's picnic grounds in Penn Valley Sunday.

In preparation for the event, several score of Grass Valley-Nevada City hunter members of the club took to the field this week to start filling the larder for the primary ingredient of the stew.

Frank Jordan, late secretary of state, who did not fail to be present at the annual stew for more than 25 years will be represented by his son in carrying on a family tradition.

The day's events will start with a breakfast at 6 a. m. Entertainment features have been arranged. As in past years the stew will attract many state and local notables.

FUNERAL SERVICES HELD

Funeral services were conducted at the Hooper-Weaver Mortuary in Grass Valley Monday for Mrs. Golda J. Ransom, 42, who died in the Nevada City Sanatarium. The deceased was the wife of Fred R. Ransom, Upper Narrows Debris Dam employee.

She had been a resident of the Smartville area for the past two years. She was a native of Indiana.

Lester Piano Agency. The Harmony Shop, Grass Valley.

DAUGHTER OF CITY'S FIRST PASTOR DIES

Mrs. Carrie Morgan, 78, daughter of Nevada City's first minister and once the Belle of the Mother Lode area, died recently in San Francisco.

As a girl Mrs. Morgan sang and starred in Virginia City's opera house in the eighties. She was a personal friend of Lotta Crabtree, famous singer who got her start in Nevada County.

The brother of Mrs. Morgan, David Whilden, who died two years ago, was one of the founders of the Native Sons of the Golden West.

Okeh and Columbia Records. The Harmony Shop, Grass Valley.

Visitors From Bay—
Mr. and Mrs. Stuart F. Leete of San Francisco and Mr. and Mrs. Harley M. Leete, Jr., of Berkeley, spent the Labor Day weekend with Mr. and Mrs. H. M. Leete of Prospect Hill.

Attend State Fair—
Mr. and Mrs. Alfred Haddy of this city celebrated their 36th wedding anniversary by attending the state fair in Sacramento this week.

FIRE EXTINGUISHED

The State Division of Forestry fire trucks were called to Willow Valley Monday night to extinguish a fire in an abandoned mine shaft.

The fire reportedly started by spontaneous combustion in debris thrown into the shaft. No damage resulted.

Geary Feagans Return—

Zenith Radios $17.95 and up. The Harmony Shop, Grass Valley.

SOCIAL EVENTS

Miss Helen Provine Marries In Reno

In the presence of close friends, Miss Helen Provine of this city and Wesley Williams, Jr., of Grass Valley were united in marriage in Reno, during the weekend. Following the wedding the couple and their attendants, Miss Catherine Stephens of Nevada City and Lloyd Veale and Gordon Leary of Grass Valley, returned to this city, where a dinner was served at the home of Mr. and Mrs. A. V. Sauvee, uncle and aunt of the bride.

The couple then left on a honeymoon trip. They will make their home on South Auburn Street in Grass Valley.

The bride had made her home in Nevada City for the past nine years. She is a graduate of the Nevada City High School and Mt. St. Mary's Business Academy of Grass Valley. She is a daughter of Mr. and Mrs. Charles Provine of Antioch. For the past several months she had been employed in Grass Valley. Prior to that she worked for the Nevada County Finance Company here.

Williams, son of Mr. and Mrs. Wesley Williams, Sr., of Grass Valley, is employed at the North Star Mine. He attended Grass Valley schools.

Ceremony Unites Miss Edna Uhrig And San Franciscan

Marriage vows were taken in the St. Patrick's Cathiloc Church in Grass Valley Saturday by Miss Edna Uhrig of this city and John MacDonald of San Francisco. The service was read by Father William Horgan.

The bride presented a beautiful picture in her gown of satin with lace and a long train. Sse carried a bouquet of gardenias and bovardia. The matron of honor, Mrs. Elsie Paulsen of Alameda, wore a white chiffon dress and carried a bouquet of pink sweetpeas. Miss Yvonne Faup, the bridesmaid, was attired similar to the matron of honor.

The bride was given in marriage by her father, George Uhrig. Ava Maria and Because were sung by Chester Prisk of Grass Valley.

Mrs. George Uhrig, mother of the bride, wore an ensemble of blue and white with gardenias as a corsage. Many Nevada City, Grass Valley and out of town friends of the couple attended the wedding.

The former Miss Uhrig is a graduate of the Nevada City High School and she also attended Placer Junior College.

MacDonald, employed as a chemist in San Francisco, is a son of Mrs. Margaret MacDonald of San Francisco.

The couple will make their home in the bay city following a honeymoon which will take them into Mexico.

Considerable Amount Raised for Relief

A considerable amount of money was raised for British War Relief at the public garden party held yesterday afternoon and last night at the Mrs. G. J. Rector home.

The money was derived from the sale of various articles, and admission fees.

The committee arranging for the relief party besides Mrs. Rector were Mrs. Virginia Ghidotti, Mrs. E. C. Jacobs, Mrs. C. E. Parsons, Mrs. Belle Douglass, Mrs. Paul Kemper Mrs. Ellsworth Bennett, Miss Bernice Glasson, Mrs. H. M. Leete, Mrs. Richard Goyne, Mrs. C. E. LaBoyteaux, Mrs. Alfred Tickell, Mrs. Ruth Bonivert, Mrs. H. P. Davis, Mrs. Orlando McCraney, Mrs. Gordon Bettles, Mrs. John Becker, Mrs. James Penrose, Mrs. E. M. Rector.

YOUTH HELD FOR INVESTIGATION IN BURGLARY CASES

Navill Maderra, 16, is held in the county jail here for investigation while officers continue their probe into approximately 25 recent robberies in the Alta Hill district.

The large number of burglaries came to light when Deputy Sheriff Fred Williford made inquiries from residents of the district regarding suspicious characters seen in the vicinity.

Most of the robberies were of the petty type but in almost all instances only money was taken. One miner lost his full pay check of approximately $80 which he had just cashed.

Fred Conner of North San Juan was a visitor in Nevada City today.

Sheriff and Mrs. Carl J. Tobiassen accompanied by their children, visited yesterday at the state fair ,Sacramento. In one of the special contests arranged for Nevada County Day, Sheriff Tobiassen took second place in gold panning.

Lester Piano Agency. The Harmony Shop, Grass Valley.

Outlook Brightens For Yellowjackets

Scrimmage started at the Nevada City High School this week as coach Edward Frantz worked to round his football charges into shape for the game with the alumni on the 14th.

The scrimmage work is expected to reveal to Frantz the proper positions for his gridiron candidates. As things look now, the Yellowjackets are in a position to have a good season although the schedule is considerably tougher than last year.

In practice Bill Jamerson, Kirk Martin, Allen Spracklen, Craig Davies, Howard Ronnigan, Norman Ronnigan, Harry Roberts, Bob Farmer, Joe Widauf, and Ronald Joyal appear to have an inside track for first string positions.

Miss Madeline Himes, Miss Foreman and Mrs. Caboni of the forest service will act as Nevada County hostesses at the state fair in Sacramento tomorrow.

Ancient Gravel Channel Coughs Up Large Nugget At Ruby Mine Property

A nugget worth $1,758 was uncovered in operations at the Ruby Mine near Downieville last week.

L. L. Huelsdonk, manager of the mine, said today the nugget was found by William Reed, Jr., foreman at the mine. The nugget weighed in excess of 52 ounces. It was found in an ancient gravel channel on which a mile of work is yet to be done.

Huelsdonk said the nugget is the largest uncovered at the Ruby in recent years. Several nuggets valued at more than $1,000 have been found.

The nugget will be added to the gold collection of C. L. Best of San Leandro, owner of the Ruby property.

THURSDAY AND FRIDAY

BROTHER ORCHID — A gangster comedy starring Edward Robinson and Ann Sothern. The hero retires to Europe to enjoy ill gotten gains, is fleeced by Europe's sharpers, and returns to a monastery in U. S.

SATURDAY

CAROLINA MOON — Gene Autry, introducing the singing cowboy in a new role, as entertainer upon and defender of an old southern plantation. Also "YOU'RE NOT SO TOUBH" with the Dead End Kids and Little Tough Guys.

SUNDAY AND MONDAY

I LOVE YOU AGAIN — Anna Neagle and Anton Walbrook portray the characters of Victoria and her beloved consort, Prince Albert, in a stirring historical pageant-play of the Victorian era.

NOW IS THE TIME TO THINK OF COMFORTABLE HEATING FOR NEXT WINTER

Ask us about our price protection plan, and service on oil burners.

Checked and DOUBLE-CHECKED for purity

It's not enough that Standard Burner Oils come from selected crudes and are distilled to exacting specifications. That purity and cleanliness must reach clear to *your* furnace. So pipe-lines, ships, tank cars and trucks are checked and double-checked—and all who handle these oils are trained to maintain immaculate cleanliness that means better burner operation—lower fuel costs.
